CLARA YOUNG FOUND BY CHICAGO POLICE

Chicago Police Locate Freeport Girl Masquerading in Boy's Clothes and She Returns Home.

Word has been received that the Chicago police have found Clara Young, the pretty Freeport miss who was sought by the local police Tuesday night, masquerading in boy's clothes. Possessed of a consuming desire to be a boy, fourteen-year-old Clara Young of Freeport, Tuesday evening tried to make matters by cutting her hair short, donning male attire, and skipping from her home. She is supposed to have come to Janesville Tuesday night on an interurban car.

The police were notified by Freeport officers of the girl's escape, but the message came too late, as the young woman had already left the city if she was here.

The conductor on the eight o'clock interurban car saw her get aboard, he now thinks. At that time he thought nothing about it save that the supposed boy was peculiar looking. The disguised girl was joined by a young man on the car at Beloit, it is said, and came with him to Janesville.

**Is a Small Girl**

The girl is small and undeveloped and this aided her disguise. She weighs only seventy-two pounds, is five feet two inches tall, wears a pair of black overalls and—breathe it gently—a pair of black trousers, probably purchased from a brother. She carried a suit case.

The girl is said to have left home once before. That time, it is stated, she did not assume any disguise, but ran away. What has caused the girl to become deluded with the thought of posing as a boy and leaving home is a puzzle. Her home, it is stated, is a good one and has comfortable surroundings.

**Puts on Male Attire**

Conceiving the notion of imitating a boy, if she could not be one, she stole off by herself in her room while no one was at home, ruthlessly clipped her locks, donned a pair of boys' black trousers, a blue shirt, and walked like a real youth.

Her disappearance was soon noticed and Freeport police were notified and they in turn gave the alarm over the surrounding country and a general hunt is being made for the boy-girl.

Her Story

She told the Chicago police: "I am glad to see papa, but I do not want to go back to Freeport. There are so many things that aren't there, and I want to see them all."

The wanderer was found yesterday by James H. Lomax, 4554 Indiana avenue, the nephew of millionaire George Lomax, as she was looking wistfully at the pines and other good things in the window of a restaurant on Clark street near Harrison street. She was taken to the Lomax home and later turned over to her father, who had been seeking her since her disappearance.

"I cut off my curls and put on my brother's clothes so as to get away without anybody finding out," she said. "Then it's easier for a boy to get a job."

"I was stopped four or five times before I got to Chicago. I was awfully frightened, a whole lot, but I said to myself 'don't get afraid.' Then I'd be all right again. At Rockford a man came up and took me by the arm. He looked at me hard. He then asked me if I'd seen a little girl on the train. I answered that I hadn't, and I hadn't. He was a detective and father had telegraphed him. But he let me go because he didn't know I was the little girl he was looking for."

**Tells of Wanderings**

"When I reached Chicago I tried to get a job. I guess there are no jobs in Chicago. I couldn't get one as a boy so I put on girl's clothes again and tried to get work as a housegirl. I was awfully hungry and I cried. There wasn't any jobs for a girl either."

"Then I put on the trousers again and I couldn't cry. Then I went to the Freeport hotel and asked if they wanted a boy. The man back of the desk asked me a lot of questions, and I got scared and ran away."

"Then I wrote a lot of telegrams to people I know in Freeport, and was going to send them, but I didn't know where to mail them. Then I wandered around, and I forgot exactly what I did until Mr. Lomax found me, and I was glad."

The recital was given between sobs, the close-cropped head of the little girl resting against her father's arm.

GREELEY SLOAN IS RECOVERING RAPIDLY

Janesville Man Injured in Automobile Wreck Is Rapidly Regaining Strength.

Word has been received from Milwaukee that H. G. Sloan, the former Janesville resident who is now living in Milwaukee, who was injured in the automobile smash-up Wednesday morning, is rapidly recovering and is able to be about with the aid of a cane. That Mr. Sloan was not killed was one of the remarkable phases of the episode. It was he who first went for aid for the dead and dying companions after recovering consciousness after the smash.

WINNING BROTHERS SHOWS ARE PLEASING

"The Blind Sister" Proves to be a Drawing Card at the Myers Theatre.

Despite adverse conditions, the circus and the weather, the Winning Brothers' production of "The Blind Sister" at the Myers Theatre last evening proved to be very acceptable to a large audience. "Reptile's Fortune," the comedy-drama in which Gus Williams starred, will be the bill tonight and tomorrow afternoon at 2:15 a farce-comedy, "The Living Statue," will be presented. The engagement closes tomorrow evening with "The Diamond King."

KATY-DIDS AND A BIG SUN-DOG

Conspired to Fill the Minds of the Superstitious with Gloom on Wednesday—Killing Frost Foretold.

Have you heard the katydids and did you see the sun-dog? These signs revealed by the creatures of the earth and the heavens on Wednesday are supposed to guarantee a killing frost just six weeks from date. The sun-dog is a luminous spot, usually located a few degrees from the sun and supposed to be formed by the intersection of two or more prismatically colored halos or rings which are sometimes created by the refraction of light through crystals of ice in the atmosphere. It is seldom seen in this quarter of the world.

FORTY-NINER HERE VISITING BROTHER

J. B. Richardson, Who Left Janesville for West 58 Years Ago, Stopping Here on Return from New York.

Jerome B. Richardson of Sulmon, California, brother of R. J. Richardson of 2 Sheldahl street, this city, is here on a short visit. Mr. Richardson left Janesville 58 years ago to join the gold-seekers in California in the days of '49, travelling overland. He has since made his home in that state, now being manager of a leading insurance company in San Francisco. Mr. Richardson is on his way home from Saratoga, N. Y., where he has been attending the annual convocation of the Knights Templar.

PLACE OF MILTON HAS SIGNED WITH JANESVILLE

Will Hold Down Third Base in Place of H. C. Wendt Who is to Retire From the Diamond.

H. C. Wendt, who with Charles H. Conrad and Thomas Abbott owns the Janesville Trolley League baseball team, has decided to retire from the game and run no further risk of injuring his hands. He will go on the game. The management, after considerable negotiating, has signed Place of Milton Junction for the vacant position at third base. Place played for some years with the Milton Creams and has a good reputation as an all-around baseball player. He was wanted by some of the state league teams when the season opened but could not see his way clear to devote all of his time to the game. He will appear on the diamond with the locals for the first time next Sunday.

**WANTED—HDDs** for the construction of a passenger station for the Rockford, Beloit & Janesville Electric Ry. Co., at Janesville. For information, plans, etc., address T. M. Ellis, Gen'l Manager, Rockford, Ill.

Better Than the Mule.

At a dinner the other night little Alzy offered a toast to women. Said Alzy: Here's to woman, beautiful, fascinating woman. Made after man, and has been after him ever since. Ha! Ha! "And how to man," responded the ingenious debater. "Man is the paragon of animals. On his own ground he surpasses the lion in magnanimity, the fox in acumen, the parrot in wit, the monkey in versatility, the ant in thrift, the spider in all that goes to make it a valued member of society. Briefly, man is more of a success than the mule." She roared that, inspired by Alzy, who made it up right off the wheel. At any rate, none of the other women present has as yet landed it either in the ladies' home journals or "Heart to Heart Talks with Women," so maybe she did. She is clever enough about other things, dear knows.

"Nothing Doing."

"Nothing doing!" Is that slang? I thought it was until last night, when I came upon the words in Dickens' "Dombey & Son." In chapter IV, old Sol Gills is explaining to his nephew Walter why the shop must be closed and the business abandoned. "You see, Walter," said he, "in truth this business is merely a habit with me. I am so accustomed to the habit that I could hardly live if I relinquished it; but there's nothing doing, nothing doing." So you see, the phrase had its pathetic fitness half a century ago, and is not slang at all.—Watson's Weekly Jeffersonian.

Saved.

M. Jacques Bonhomme of a femme were entertaining a company of select friends. They had just got seated at table when Baptiste, the waiter, rushed into the room in a state of wild alarm, exclaiming: "Quick! a glass of wine." Everybody stared, but his wish was complied with, and Baptiste swayed at one gulp a glass of wine poured out by the lady of the house, who inquired what was the matter with him. "Oh, madam, I am dreadfully upset. That glass of wine has done me good; it has brought me round. Only think! I have just had the misfortune to break your two large dessert dishes of Sevres porcelain."

Cargoes Worth a Fortune.

It might be supposed that the great ocean liners bring in the most valuable cargoes. They don't. The little steamers that ply between here and the mighty Amazon river bring the richest cargoes that reach the port. It is safe to say that \$500,000 is the value of an average ocean liner's cargo. The steamship Graciosa recently brought 4,369 cases of rubber. On a basis of \$500 per case this alone was worth \$2,184,500. This is outside the value of the skins, furs and cocoa on board. Sometimes the ships bring great planes that are worth a fortune.

**Meet Today:** Thirty-seven members of the Summer Club of Household Economies went to Hanover this morning to attend a meeting of the club.

ANOTHER ASYLUM PATIENT AT LARGE

Martin Cidler, a Russian Who Has Been Here Ten Years, Gave Circus Party the Slip Yesterday.

Martin Cidler, a Russian patient at the county asylum, who was to have been a member of Supt. Kilham's party at the circus yesterday, was missed just after the visiting delegates got inside of the big tent and has not since been found. He is about fifty years of age, of medium height, and heavy built, with an iron-gray mustache and two of the fingers missing from one hand. He is taciturn and can seldom be persuaded to talk. He was sent here ten years ago from Marquette county.

JAILED FOR CHASING GIRLS; WAS DRUNK

Negro Sentenced and Fined; Old Soldier Let Go; Two Other Drunks Fined One Dollar Apiece.

Henry Prince, a negro, was arrested last night about 11:30 by Officer Morrissey at the corner of Pleasant and Franklin street on the charge of drunkenness and disorderly conduct. The officer was attracted to the spot by screams from girls who declared they had been chased by a colored man. Upon investigation of the surroundings Prince was found standing in the doorway of the new Methodist church and was identified by Miss Laura Wood and the Misses Mulligan as being their pursuer. The prisoner was intoxicated and had upon his person a half-filled whiskey bottle. Another negro in Prince's court record was written this morning when Judge Filshie sentenced him to five days in jail and fined him \$10. In case he does not remit he will be compelled to spend an additional 15 days in prison. Prince has recently been working in Beloit.

Other Drunks

Tottering on feeble legs at the age of 70 years and with a record of a Civil War veteran in his pocket, Theodore Brunson came before Judge Filshie this morning to admit he had been intoxicated. He declared he is out of the Soldiers' Home at Milwaukee on a furlough and had been visiting friends in Rockford who had put him on an interurban car and sent him to this city in an intoxicated condition. His story was a plausible one and Judge Filshie let him go with the promise that he would not do such a thing again.

Geo. McDonald and Hugh O'Connor put in an appearance this morning in municipal court for being drunk. They were each fined \$1 and costs, but were allowed to go and "earn" the necessary cash to defray the "expenses."

A Grave Man!

Mrs. George—Oh, George, if that dreadful lion broke loose, who would you save first, the children or me? George (without hesitation)—Me!

Regular.

"Borrowed" boasts that he is as regular in his habits as clockwork. "Lives on tick, sir"—Philadelphia Press.

A Record "Break" (Billiard Term).

Master—What in thunder are you doing, John? John—Well, sir, looks as if I was going to make a record break, sir!

Birds Lured by Mirror.

Cock partridges are caught on French shootings by means of a trap that closes on the entrance of a bird, the lure being a mirror in which it sees its own reflection, which it is anxious to attack.

PERSONAL MENTION.

Mrs. Lou Wright, formerly Miss Harriet Kinney, was here yesterday from Delavan, where she is spending the summer.

Mrs. Albert Dixon and daughter, Miss Evelyn Dixon, of Evansville, are guests at the home of Dr. Chas. Devoreaux, 175 Lawrence street.

The Misses Clara Belle Sherrer and Maude Spoon are visiting Janesville friends this week. The Misses Leta and Lela Acheson will entertain for them this evening.

The Rev. John McKimney and family went to Lake Koshong this morning to remain until Saturday evening. L. G. Stickleby is in Milwaukee.

Miss Edna Morduck is registered at the Plunkinton hotel, Milwaukee.

F. H. Green was a Milwaukee visitor yesterday.

Mr. and Mrs. Ernest Knapp of West Bluff street are rejoicing over the arrival of a baby boy at their home a few days ago.

Miss Genevieve Rich of Beloit is visiting friends in the city.

Edwin Filshie was a Janesville visitor yesterday.

Mrs. Duckrell of Delavan was a Janesville visitor Thursday to spend the day with her husband who is one of the riders with the Barnum & Bailey show.

Mrs. W. H. Warner left this morning for Denver and other points in the west where she will visit before returning home.

R. H. Jones, travelling passenger agent of the Pennsylvania lines, was here from Madison today.

M. Kennedy left for Butte, Mont., yesterday.

C. E. Snyder went to Delavan this morning to join his family where they are enjoying an outing at the lake.

Mrs. Ethel Prentiss of Mineral Point is visiting at the home of Jas. Gallagher, 55 Washington street.

Mr. and Mrs. H. E. Miles of Walworth are in the city. Mr. Miles is proprietor of the Walworth Times.

Miss Dorothy Madison left this morning for Prairie du Chien for a month's visit with her parents.

A. L. Eger, travelling representative for H. K. Mulford Co. of Philadelphia, is taking a two weeks' vacation, but a slight attack of rheumatism is unfortunately confining him to the house the greater part of the time.

Mrs. Henry Nickel at 153 South Jackson street is entertaining her sister-in-law, Miss M. Schetzel of Sheboygan.

Henry Nickel, Jr., is spending a few weeks with relatives in Sheboygan.

PREPARE TO BUILD R. & I. STATION

Management Has Inserted an Advertisement Calling for Bids in Today's Issue of Gazette.

That the building of the new Rockford & Interurban passenger station on the former Cooper property on South Jackson is to begin at once is indicated by an advertisement inserted by General Manager T. M. Ellis in today's issue of the Gazette, wherein bids for the construction of the same are called for.

Incandescent Oil Lamp.

In an incandescent oil lamp now being tested in Southeast kerosene is vaporized by a jet of carbonic acid before reaching the mantle. A gallon of oil yields a light of 200 candle-power for 45 hours.

Readers and Writers.

Reading without purpose is sauntering, not exercise. More is got from one book on which the thought settles for definite end in knowledge than from libraries skimmed over by a wandering eye. A cottage flower gives honey to the bee, a king's garden none to the butterfly.—Lord Lytton.

Women Shun Dentistry.

Dentistry does not seem to appeal to women. It is one of the professions which is not threatened by a feminine invasion. There are very few women hovering around the dental colleges.

New York City's Flathouses.

New York city has provided now flathouses for 586,000 tenants during the last five years.

Dainty Sweets for Warm Weather.

**BROWN BABIES BAPTIZED**

MGR. FALCONIO CHRISTENS FILIPINOS AT NORFOLK.

Their Names Are Pocahontas, Jamestown Pacific and Patrick Henry Bryan—Fair Now Complete.

Norfolk, Va., Aug. 8.—One of the interesting events of Thursday at the Knights of Columbus convention was the baptism of three Philippine infants by Mgr. Falconio, the ceremony being witnessed by a large assemblage of distinguished guests.

One of the babies was the ten-day-old daughter of Datto Oon, a Dagogo chief, and the two others belong to the Tagalo tribe of the Philippine reservation at the exposition. Their names are respectively Pocahontas, Jamestown Pacific and Patrick Henry Bryan, the latter having been named on Patrick Henry day by William Jennings Bryan.

The Jamestown exposition is declared to be practically complete in a statement issued Thursday by Director General James M. Barr, who also asks for the project the support of the country at large. Mr. Barr says:

"The Jamestown tercentennial exposition, barring minor details which will be finished within ten days, is completed. It fittingly commemorates the great historical event which it was designed to celebrate, and it reflects credit on the state of Virginia, the south and the nation.

"In the character of its buildings, the excellence of its exhibits and the beauty of location on historical Hampton Roads, it compares favorably with any exposition held in this country, and it fully justifies its management in asking the united support of the people of the country."

**ON THE GREEN DIAMOND.**

Scores Made in the Baseball Games Played Thursday.

Following are the results in runs, hits and errors of Thursday's games: National league: At Chicago—Chicago, 2, 6, 0; Philadelphia, 0, 2, 0. At Cincinnati—Brooklyn, 6, 15, 1; Cincinnati, 2, 8, 2. At Pittsburgh—New York, 4, 8, 2; Pittsburgh, 3, 0, 2; second game, New York, 7, 0, 1; Pittsburgh, 0, 2, 0. At St. Louis—St. Louis, 3, 7, 2; Boston, 0, 2, 0.

American league: At Boston—Boston, 6, 12, 1; Chicago, 1, 6, 0; second game, Chicago, 6, 6, 3; Boston, 4, 11, 6. At New York—New York, 6, 10, 0; St. Louis, 5, 8, 0. At Washington—Cleveland, 4, 3, 2; Washington, 2, 8, 2. At Philadelphia—Detroit, 5, 7, 0; Philadelphia, 3, 9, 2.

American association: At Indianapolis—Indianapolis, 6, 11, 1; St. Paul, 3, 9, 3; second game, Indianapolis, 7, 11, 1; St. Paul, 3, 9, 3. At Columbus—Milwaukee, 2, 5, 1; Columbus, 1, 4, 0. At Louisville—Minneapolis, 11, 17, 1; Louisville, 6, 8, 1. At Toledo—Kansas City, 6, 5, 1; Toledo, 3, 9, 3.

Central league: At Terre Haute—Terre Haute, 4, 7, 1; Springfield, 3, 6, 0.

Western league: At Lincoln—Omaha, 4, 7, 2; Lincoln, 1, 6, 1; second game, Omaha, 4, 8, 1; Lincoln, 2, 0, 6. At Des Moines—Sioux City, 3, 8, 0; Des Moines, 2, 3, 3. At Pueblo—Pueblo, 3, 5, 0; Denver, 1, 0, 4.

Three I league: At Springfield—Dubuque, 4, 7, 0; Springfield, 1, 3, 1.

**Severe Storms in Austria.**  
Vienna, Aug. 8.—An enormous amount of damage has been done to the grain crops, orchards and vineyards in many parts of Austria by heavy thunderstorms, which frequently were accompanied by devastating hailstorms. Several villages in eastern Bohemia have been devastated by a cyclone.

**Illness Stops Halsey's Trial.**  
San Francisco, Aug. 8.—The trial of Theodore V. Halsey for libel was brought to an abrupt stop Thursday afternoon by the sudden illness of the defendant, who is confined to his home with an intestinal affection which, according to his physician, may necessitate an operation.

**German Army Engineers Drown.**  
Königsberg, Prussia, Aug. 8.—A boat accident on the river Thursday resulted in the drowning of nine men, all members of the engineer corps of the army. The boat, with 17 engineers aboard, was being towed by a steamer, when it turned over.

**Innards and Vitals.**  
An old Farmer Mullins urged his horses up the steep ascent of a Vermont hill he observed that one of the new boarders cast a pitying glance in the direction of the old horse as it labored to do its share. "Now, I suppose," said old Mullins, "that some of you city folks think it kinder tough to make these critters take such a hill; but it ain't so mean as you think. It's a big slight manner to run 'em down hill, an' I'll tell ya why. Now, when a horse runs up-hill, his vitals press on his innards, but when you run him down-hill, his innards press on his vitals. An' that's a darn sight wuss, now, ain't it?"—Judge.

**Odd Proposal of Marriage.**  
That celebrated painter of flower and figure subjects, William Hunt, was on one occasion commissioned by a gentleman to paint his portrait in the attitude of kneeling and holding in his hand an open scroll whereupon was written a declaration of love and an offer of marriage. The lady to whom this unusual proposal of marriage was sent, replied with a chalk drawing of herself with a sheet of paper in her hand on which was inscribed a laconic "Yes."

# AN ARTIFICIAL THUNDER STORM

Would you like to see an exact reproduction, in miniature, of an electrical storm?

And enjoy at the same time a simple, concise explanation of the conditions that produce it?

See the lightning bolts descend—see how they "strike" the house—and why?

Then see how the same lightning bolts act when the house is rodged with the Janesville Copper Cable Lightning Rod.

To be exact about it, there AREN'T any lightning bolts, so far as the house is concerned, after it has been equipped with our rod.

That's because the rod carries off the electricity in the house as fast as it accumulates—and lightning CAN'T strike except where there IS such an accumulation.

Experience has proven this, for, while tens of thousands of buildings have been equipped with the Copper Cable Lightning Rods, not one of these buildings has been damaged by lightning, while nearby buildings by the score, not so protected, have been struck and damaged or destroyed.

Drop in whenever it's convenient and we'll produce an artificial thunder storm for you. You'll find it interesting and instructive.

My commission expires Feb. 11, 1911.

"LET US HAVE PEACE"

The New York Times, after saying that "calculated and self-interest make war," criticizes the policy of President Roosevelt in dispatching to North Carolina an assistant attorney general to propose a peaceable settlement of the differences between that state and the federal court. The Times compares this with Andrew Jackson's stern and effective action, when, during his administration, South Carolina threatened nullification of the federal laws.

The New York Times is a little too blood-thirsty about this matter. There is, as yet, no occasion for war with North Carolina, and for President Roosevelt to use coercion toward that state at this stage of the controversy would do much more harm than good. If the dispute can be settled peacefully and gracefully, so much the better for the country. The state of North Carolina cannot long withstand the pressure of public opinion, and sooner or later it must conform to the law and enforcement of law to the constitution of the United States. Capital has much to congratulate itself upon in view of the fact that the federal courts are standing against secessionary legislation, and the country can safely leave the matter in the hands of the courts. If, after trying for a peaceful settlement, North Carolina should still maintain an attitude of defiance of the federal court, which is not thinkable, the President may be depended upon to do the right thing, and to do it with all the force of an Andrew Jackson.

NO. 26 BROADWAY

Whatever may be the other results of the attacks on the Standard Oil company, there can be little doubt that it will suffer not only in prestige, but in some part of its power over American finance.

The abolition of rebates is freeing the railroads from the domination of the Standard Oil. In like manner, the markets are likely to be less under the influence of its leading capitalists. This does not mean, of course, that the Standard Oil company is to be extinguished, but that its overshadowing power is likely to be very much lessened. It should be remembered in this connection that it is a question whether the men who will succeed those who made the Standard Oil company will be equal to the task of maintaining its supremacy. In the new conditions which confront it, No. 26 Broadway has long had a talkative influence in Wall street.

THE STATES AND THE NATION

The advocates of the policy of arousing the states to the assertion of their powers of control over commerce, as against what has been called national intervention, are now calling their fill of their own brow. It appears to be necessary now for every candidate for public office in the south to declare himself on this question of the state in relation to the nation. The latest declaration is that of Senator-elect Joseph F. Johnston of Alabama, who succeeds Senator Pettus. "So far as I am concerned," he is reported to have said, "I shall stand in the senate for the rights of the states to legislate in respect to their local affairs, and I shall stand firm against the nullification of the acts of our legislature."

until they shall have been pronounced contrary to the constitution by the highest tribunal in the land."

That Deloit Minister who tells the story of a Kingfisher dropping a nice fat bass into his rowboat certainly ought to succeed in life, but the ministry is hardly the place for his talents from a monetary point of view.

Citizens should not forget that the general appearance of their property is a matter which is of public as well as of private interest. Well-kept lawns and good walks do more to demonstrate the prosperity of a city than anything else.

Deloit machinists are going into the west and northwest to keep the engines of the big threshing machines in order so that the banner crops that were supposed to be a total loss last spring, can be harvested.

Reports from the Moorish territory of Africa show that the dark-skinned followers of Mohammed are waging a warfare that certainly would not be found laid down according to the rules of the Koran.

Chicago is today suffering the anxiety of a telegraph operators' strike. Until the wires are tied up in some such manner or by storm the general public does not know how dependent they have become on them.

The r'roads are having their fill of legislation by commission and if asked their opinion it is safe to say they would be glad to return to the good old methods of our fathers.

Next week the two-cent fare law becomes operative in Wisconsin. In interstate commerce Janesville will not feel its effect seriously.

President Roosevelt's political pathfinder, Secretary Hitchcock, is on a still hunt for general sentiment.

Everyone jumps on the Standard Oil, but few realize what it has done for the country and nation.

Considerable in Tangles would not be considered a quiet summer resort just now.

Gladstone Dowle, the famous un-kissed son of the late Eljah, has begun to enjoy life with a few kisses.

The circus came and went and barely caused a ripple.

DENTISTRY OF LONG AGO.

Proof That Ancients Had Some Degree of Skill in Art.

While unthoughtful moderns regard dentistry as being virtually a science of our own age, archaeologists know that it was practiced among the ancients. The museums of Rome and other places in Italy possess various specimens of dentists' work dating from before Christ, and another such specimen has recently been discovered in the jaws of a skeleton found in a tomb at Teano. The skeleton is that of a woman, and from the jaws there was extracted a gold mount containing six teeth. A peculiar fact about the find is that the teeth, although "flipped" with gold, were undoubtedly natural, and the theory is that the ancients used gold flaps or rims to steady loose teeth. For artificial teeth the dentists of the old world had a fancy for animal teeth, especially bovine, by reason of their hardness, though occasionally a person in poverty would sell one for sufficient compensation.

The Earth as a Bell.

Studies of the violent earthquakes which occurred in the Balkan peninsula April 4, 1904, made by Dr. Emilio Oddone, professor in the University of Pavia, show that the shocks were transmitted through the entire body of the earth, and were reflected from the antipodes back to their place of origin in about 33 minutes. Comparing the records of other great earthquakes, Dr. Oddone concludes that the average time required for a vibration to traverse the globe and return by reflection is from 32 to 33 minutes. The earth thus appears to be not altogether unlike a great bell suspended in space and vibrating throughout its whole mass under strokes, which, comparatively speaking, observe the Youth's Companion, are no more than the tapping of a finger nail. Dr. Oddone calls attention to the interesting coincidence between the time taken for a vibration to traverse the globe and that required for light to cross the diameter of the earth's orbit.—Philadelphia Record.

Novel Japanese Conveyance.

Besides the Jiricksha the Japs have a curious form of push cart which is like a wheelbarrow without any sides. One man sits on each side of the big wheel in the center, and a carrier taking his place between the shafts, pushes along the whole combination at a good rate of speed.

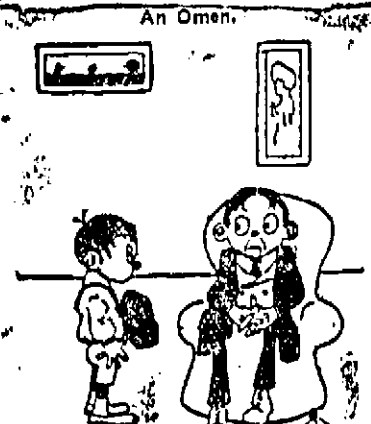

Willing to Be Labeled.

"So you are to be married in three weeks? Let a woman who has had some experience in matrimony give you a bit of advice. Don't expect too much of your husband." "Oh, I shan't. I have promised to let him stay downtown until 20 minutes after seven one night every month."

Umbrellas as Magnets.

Umbrellas of modern make, said Prof. Silvanus Thompson, in his latest lecture at the Royal Institution, are very magnetic, says Home Notes. A person standing outside the shop window of an optician and holding such an umbrella would see the needles of the compasses begin to move.

Buy It in Janesville.

An Omen.

"Did your sister know I was coming?"  
"Well, she broke her lookin' glass, and somethin' was bound to happen."

Alry Criticism!

The Grace of Memory.

Let us not lose the savor of past merries and past pleasures; but like the voice of a bird singing in the rain, let grateful memory survive in the hour of darkness.—It. L. Stephenson.

## FOUR KILLED IN COLLISION.

Two Freight Trains Crash Together Near Dalton, Ga.

Dalton, Ga., Aug. 9.—Four persons are dead and three seriously injured as the result of a head-on collision between a southbound local freight and an extra freight train on the Western & Atlantic railroad, one mile north of this place Thursday afternoon. The dead are: Engineer J. L. Heggie, Fireman John Roach, C. F. Colbert and Tom Haddenfield, brakemen.

Fireman Suddeth, of the extra train, who occupied by jumping, said the collision was caused by the failure of his train's crew to read their orders. Much damage was done to the roadbed and rolling stock.

Bank Cashier Disappears.

Dillmore, Ind., Aug. 9.—Much excitement was caused here Thursday by the mysterious disappearance of Fred Lubbe, cashier of the First National bank, of this place. A state bank examiner arrived here in the morning to examine the bank. Lubbe is 25 years of age and has always borne an excellent reputation. The bank officials met with the state examiner Thursday night, but nothing was given out as to the condition of the institution.

Fear Cholera in St. Petersburg.

St. Petersburg, Aug. 9.—Public apprehension has been aroused by the suspicious death of a cab driver, supposedly from cholera. The sanitary authorities have quarantined 10 cab drivers who lived in the house where the man died, and are taking other very rigorous preventative measures.

Two Killed by Shed's Collapse.

Milwaukee, Aug. 9.—Two men were killed, one was slightly injured and two others narrowly escaped death or injury in the collapse of a storage shed at the plant of the International Harvester company Thursday.

WAS'N'T PREPARED TO SWEAR.

Of Course His Friend Bill Never Stole Those Chickens, But—

A tall, rusty-hinged, loose-gaited colored man walked into the office of O. P. McIlraith the other day with an official looking document in his hand. McIlraith recognized him as a man who had done some whitewashing for him once. "Boss," he began, "I want to get you Bill Johnson out of workhouse. His family ain't got no money 'nough to eat, and Bill never stole them chickens now. Bill never stole nothin'. I's been over to see Mistah Cooley, an' co'se he didn't know me, but I said I knowed you and you'd tell him I was all right, an' he said if you'd sign this paper maybe he could let Bill out." "Well," said McIlraith, "you just sign right down here, that you know that Bill didn't steal the chickens. Just take oath to that before me as a notary, and then I'll sign it." "What's that, Mistah McIlraith?" You mean I must swear to it? Huh!—" He scratched his head and began to edge toward the door. "Of course, boss, I never likes to swear to nothin'. Bill never stole no chickens, but I don't want to take no oaths, cause I's 'bile to get myself into trouble." And Bill served out his sentence at the workhouse.—Cleveland Plain Dealer.

Laces

come

out

like

new

when washed with

Beach's

Peosta

Soap

It cleanses so readily, so

completely, there is no need

of hard rubbing, hence the

great importance of washing

delicate things. The Peosta

Way.

Peosta Soap is pure—a

scientific cleanser.

To wash lace, counter-places and

all the hand work, first cover a bottle

with several thicknesses of clean white

damask, wiping it firmly. Have bottle

partly filled with sand or water and

coarsely. Roll the lace very smoothly

around the bottle, several times if ne-

cessary. If the article is large, it may

be folded, very smoothly, and then

rolled around. Cover with clean

cloth and, with needle and white thread

sew snugly and smoothly into place.

Put into a pan of cold Peosta Soap

suds, enough to cover bottle. Bring

slowly to boiling point, pour off suds

and repeat until suds remain clean.

Rinse in several cold waters. Allow

lace to remain on bottle until perfectly

dry.

Peosta Soap releases the

dirt, hence no hard rubbing

—no boiling.

## TRUST BUSTING

The most popular man in the hearts of the American people today is President Roosevelt.

Why? Because he stands for the "square deal" to the common people as well as to the corporations.

He takes the side of the people who need things and against the combinations that would take advantage of their needs, to extort undue gains.

These are days when lots of men find it to their profit to combine and raise prices.

In Dentistry, Dr. Richards of Janesville holds aloof from all local combines and maintains his prices on a living, reasonable basis.

One lady recently saved \$17 on her dental bill by selecting him to do her dental work.

He does the BEST of work. His prices won't jar you.

Office over Hall & Sayler's jewelry store.

## SUCCESS FOLLOWS FORMER RESIDENT

WARREN PATRICK NOW A PROMINENT PUBLISHER IN CHICAGO.

### IS VISITING IN THE CITY

Came Yesterday as Guest of Barnum & Dalley Management—His New Venture.

Warren Patrick, for many years a resident of Janesville and later prominent in the circus world, where so many Janesville men have made notable reputations, is visiting his mother, Mrs. Mary Clithero, of 120 North Academy street, over Sunday. He is accompanied by his wife and child and today is greeting old friends and renewing acquaintances. Mr. Patrick is now general director of the Show World, a twentieth century amusement weekly published in Chicago and devoted exclusively to the profession of entertainment.

Mr. Patrick left Janesville in 1895 to enter upon his work with the "Hugling Bros." circus. He remained with them until 1898 and from that time until 1905 was treasurer for different circuses and other attractions. In

1905 he became associated with the Barnum & Dalley circus as treasurer of the privileges, an important position in the life of a big show. He resigned in the summer of 1901 to become the Chicago representative. On the sixteenth of last May he of a western dramatic publication, resigned from this work and organized and launched "The Show World," which after seven weeks of existence promised to become the leading dramatic paper of America. Mr. Patrick married a St. Louis lady and with his wife and daughter came to Janesville yesterday as the guest of the management of the Barnum and Dalley company. He was accompanied by his staff artist Z. A. Hendricks who pictured the circus and its employees as they appeared on the Janesville "Doc" for a future issue of this magazine.

Mr. Patrick is considered one of the "comers" in the magazine world and his special field, the "Show World" has received flattering notices from the leading papers of the country. He has a warm spot for Janesville and Janesville people, and credits his early newspaper work in this city as being instrumental in his present success.

In speaking of his new venture Mr. Patrick said: For years I had entertained the idea of one day establishing a theatrical paper that would be as ideal as my younger talents and large experience could make it. Seven weeks ago the Show World was launched, and now is being heralded all over the country as the long-anticipated show paper that covers the amusement situation in every particular, and is filled with news from corner to corner. My idea in publishing the Show World is to give the profession the latest news in the briefest compass, and I believe that it is owing to what we have already accomplished in that direction that our present success is due. We have at the present time established news bureaus in St. Louis, Philadelphia, Denver, Boston, and many other metropolises. Robert Cassin Campbell who will represent the Show World in London, recently called, and from now on our London letter will fairly bristle with information and tidings of the English amusement situation. Our contemplated offices in New York and Paris will be opened very shortly, and with our staff of correspondents and traveling representatives covering every corner of the amusement globe by dream of an amusement theatrical journal is fairly realized.

### BRIEF LOCAL NEWS.

The D. of R. 171 will hold a cake sale Saturday afternoon at Smith's pharmacy.

Rich tea cream 25c quart. Pappas'. Phillips' tea cream. Alie Ruzuk. Phillips' sells good pure candy cheap. Stern's new Belmont 10c cigar.

## SIMPLE RULES IN BANKING

By indorsing a note, draft or check, which is done by writing your name on the back, you make yourself liable for payment, in case the payor fails to meet it at the proper time.

If you should receive a check with your name spelled wrong, and wrong initials, indorse it as the check reads, and under it your usual signature.

Always indorse every check you deposit, even if payable to bearer, cash or currency.

A most important banking custom, and one which many persons do not understand, is the formality of identification.

Notes due on holidays are payable the next day.

Notes due on Sundays are also payable the next day. If a Sunday or a holiday follows each other, they are payable the next succeeding day.

Your business, large or small, is invited at the

## IT IS THE SALE AT WHICH YOU CAN SAVE MOST MONEY

There isn't an article advertised in this great Harvest Sale that we could buy at the same price today from the manufacturers, no matter how big a quantity we would order—We ask you only to compare goods and prices. If you will do that we know you will buy here. We are absolutely sure that

1. NO BETTER MERCHANDISE THAN OURS IS ON SALE IN ANY STORE, HEREABOUTS.
2. NO MERCHANDISE AS GOOD AS OURS CAN BE BOUGHT ANYWHERE ELSE FOR AS LITTLE PRICE AS IT CAN BE BOUGHT HERE. We'll be greatly disappointed if we don't sell, during this sale, double the amount of merchandise we sold last August. We've prepared for double the business by gathering double the quantity of reliable goods. And notwithstanding the higher cost of materials and labor, the merchandise has come to us under such favorable conditions that we can sell at prices which will, in many instances, double the purchasing power of your money. **SALE BEGINS SATURDAY MORNING, AUG. 10TH, AND CONTINUES UNTIL SEPT. 1ST. HARVEST SALE BARGAINS EVERY DAY.**

turning leave Williams Bay 5:45 p. m.  
Lake Geneva 6:00 p. m. For tickets  
and information apply to agents C. &  
N. W. Ry.

**THE CROW'S CAPACITY.**  
An official record of the achieve-  
ment of a crow in captivity shows that  
in a single day the bird devoured one-  
fourth of its own weight in minnows.  
This is as much as if a man ate forty  
pounds of bread made from BUN HUR  
FLOUR in twenty-four hours.  
While it is a fact that BUN HUR  
FLOUR is the cleanest and purest  
flour manufactured, and makes the  
very best bakings in Janesville we  
hope our fellow citizens will not try  
to emulate the crow's example. Take  
your time—the grocers will continue  
to sell BUN HUR FLOUR and the  
Janesville crooks will continue to  
bake good things for many years to  
come.

**Algarians Are Good Marksmen.**  
Many tales are told by travelers of  
the wonderful skill of the Algarians  
in handling rifles. The native Al-  
garians would rank with our export  
rifle shooters.

**RICHMOND.**  
Richmond, Aug. 8.—Barnum &  
Bailey's big circus at Janesville to-  
day attracted many of our town-  
people.

Mr. and Mrs. Marcus Kallans of  
Avalon were visiting relatives here  
Wednesday.  
Miss Hattie Underwood of Delavan  
and Herman Taylor of Milwaukee  
made an auto trip here Sunday.  
George Cronk and Wiley Nett  
were Janesville visitors Sunday.  
A large delegation went from here  
Saturday to Delavan lake to hear Sen-  
ator Tillman's address on "The Rice  
Problem."

Mr. and Mrs. Thomas Canavan at-  
tended the anniversary at Janesville  
Sunday.  
The farmers' telephone line will  
soon be in operation and has been  
looked for. Thirty of the fam-  
ers have already subscribed.  
The only son of Chris Zey, a boy  
of about 17 years of age met with a  
painful accident last week. He had  
been assisting his father, a farmer,  
in the hay field. The father having  
thrown the stack, the boy, who was  
standing by the side of the stack, was  
struck in the head, and he is doing  
as well as might be expected.  
The cause of Mrs. Will Kierman  
of Whitewater were brought here for  
burial on Sunday. Services were held  
at the St. Mary church. Deceased was a  
sweet, friendly woman, and the young-  
est daughter of Robert Kierman. Her  
sister was a short, plump, and  
leaving a lady a few days old.  
She leaves a sorrowing husband and  
two children, a father, seven bro-  
thers and two sisters, who greatly  
deplore her loss.

FRANK S. FULLER  
WAS "HIGH GUN"AT THE JANESVILLE CLUB'S  
TOURNAMENT YESTERDAY.

187 OUT OF POSSIBLE 200

Targets Was His Record for the Day  
—W. D. Stannard Broke 182 and  
World's Champion Crosby, 181.

"Pull—Bang!—Bang!" and some-  
times "Lost!" these are the sounds  
which have been breaking in upon the  
sylvan solitude and quiet of the fair  
grounds since yesterday morning.  
When the squads prepared to take  
their places for the second day's shoot  
at the Janesville Gun Club tournament  
this morning, W. D. Stannard was still  
waiting for his gun and the idea of a

SCENE OF GUN CLUB'S '00 SHOOT

professional shooter coming to the  
scene without his weapon provoked  
considerable chaff from his col-  
leagues.

**First Events This Morning.**  
The first squad of five to shoot in  
rotation at twenty clay pigeons thrown  
from the trap took their places about  
nine o'clock. H. R. Patterson of Des  
Moines, Ia., was acting as secretary  
and receiving the entry fees at the  
little tent just east of the large can-  
vas pavilion. Alderman George De-  
chard was acting as score-keeper and  
Reuben Winslow called out the ex-  
tra "Deeds" and the winning "Loats".  
Alice Vance of Orono, Me., scored 19  
out of a possible twenty; Bert Dain  
of Fox Lake, Ill., 16; Joe Barto  
of Chicago, 15; Johnson, 12; and Hal-  
bard 10. Crosby, holder of the world's  
record of 419 straight for clay pigeon  
shooting, Captain Jack who wears a  
gorgeous Indian-head belt and car-  
riage bag, and two of the other shoot-  
ers went out to the grounds together  
this morning. "Why don't they run  
the street car line to those fair grounds?"  
asked the Milwaukee man. Well,  
you see the fair grounds are mostly  
cornfield and tobacco patch now,"  
said Crosby. "I should think it was"  
exclaimed the first speaker as the  
party entered the grounds. "Can't hard-  
ly imagine this track all over  
grown with hedges, and grass and  
weed was once one of the best in the  
west. You sir, I'll bet there was as  
much money laid here some days as  
on any racetrack in the country.  
Finest horses of the time were  
brought here, and everything went,  
but the anti-pool law stopped it all."

Say, this is a closed town, isn't it?"  
said one of the party who had not  
therefore been taking a leading part  
in the conversation. "—"  
was quietly enjoying a glass of beer last  
night and had just remarked: "Why  
this is just like Milwaukee, isn't it  
boys?" when Biff! out went the lamp  
and the bartender commanded all  
hands to shuffle. "Only different!"  
added old — in a tone of jaded  
surprise.

"Closed towns may be all right,"  
said another, "but it's always been  
my observation that the boys are nev-  
er so keen for fun as when they have  
to steal it."

**Yesterday's High Scores.**  
State Champion Frank G. Fuller  
was the high gun yesterday. He  
broke 187 out of a possible 200 birds.  
W. D. Stannard of Chicago was sec-  
ond with a score of 182, and W. H.  
Crosby was third with a score of 181.  
The targets are thrown 60 yards and  
there is a purse of \$2 for each 20-  
bird event. Some of the shooters  
present whose names have not been  
mentioned are: Dr. Herbert of Poplar  
Grove, Harry Dunnill of Fox Lake,

Evansville, Aug. 8.—The marriage  
of Rev. E. A. Ralph, pastor of the  
Congregational church, to Miss Ruth  
C. Dorr took place at the home of the  
bride's parents in Antigo, Wis., at  
eight o'clock Wednesday evening,  
Aug. 7. Miss June Baker of this city  
was among the guests and played the  
wedding march.

The Misses Clara Della Shearer  
and Marie Spoon of Janesville and  
Miss Alice of Brooklyn are expect-  
ing a baby for a few days' visit  
with the Misses Lora and Leta Ach-  
son, who will give a party in honor  
of their guests Friday evening.  
Miss Cath Colborn, who is fitting  
herself for a trained nurse at the  
Confield Park sanitarium in Chicago,  
is expected home next Thursday for  
a two week's vacation visit to her  
mother, Mrs. D. V. Wright.  
Mrs. John Winston and daughter,  
Miss Lulu, entertained Tuesday after-  
noon for Mrs. Wm. Antos of Des  
Moines, Mrs. H. F. King of Chicago  
and Mrs. Elmer Stewart of Hudson.  
At the close of a pleasant afternoon  
dinner refreshments were served.  
Evelyn Winters is planning to attend  
Beloit college this fall and was in  
that city yesterday making arrange-  
ments.

Dr. John Oenack has been very ill  
for several days but is reported here  
for this morning. Her many friends  
hope for a speedy recovery.  
Mrs. M. E. Holmes is here from  
Tennessee, the guest of her son, Frank  
H. Holmes.  
Mrs. E. Sargent and son Will have  
rented one of the Eager flats and ex-  
pect to move soon. Mr. and Mrs.  
Max Fisher have rented the east flat  
in the same block and will occupy it  
the first of September.  
Miss Lena Rye left for Johnstown  
Tuesday, where she will spend her  
vacation with her parents. Her sis-  
ter, Miss Carle, who has been visit-  
ing relatives here for the past two  
weeks, returned with her.  
Mr. and Mrs. J. H. Schellie were  
here yesterday.  
Mrs. Annie Green and Miss Harriet  
Axtell gave a dinner party to a num-  
ber of their friends Tuesday even-  
ing.  
Mrs. B. Horton has returned to her  
home in Minnesota after making a  
short visit with E. H. Morrison and  
family.  
Mrs. Albert Dixon and daughter,  
Evelyn, go to Janesville today for a  
short visit at the home of her bro-  
ther, Dr. Charles Devereaux.  
Miss Lila Laddington has been en-  
tertaining her niece, Miss Isadora  
Coward, of Laol.  
Chas. Copeland and family have  
taken a cottage at Kerosha for two  
weeks.  
Hon. and Mrs. L. T. Pullen and  
Mrs. Wm. Antos and son Herbert go  
to Rockford today for a week's visit  
with Jacob Antos and family. From  
there they will return to their home  
in Des Moines, Iowa.  
Miss Dorothea Conradsen of Mad-  
ison is visiting her aunt, Mrs. Della  
Bennett.  
Miss Blanche Crowe returned Tues-  
day evening from a visit to Chicago  
relatives.  
Leslie Beckord, who for some time  
has been an employee in the Horla  
works at Beloit, is at home and  
owing to ill health will remain several  
weeks to rest and recuperate.  
J. W. Calkins transacted business  
in Chicago the fore part of the week.  
Miss Alice Spencer is entertaining  
Miss Amy Ross of Waukesha this  
week.  
Evansville was well represented at  
the Barnum & Bailey show in Janes-  
ville.

## COFFEE MATCHED AT LAST

**A Test Package Mailed Free.**  
A new product—Dr. Shoop's Health  
Coffee—is said to so closely match Old  
Java and Mocha Coffee in flavor, taste,  
and aroma, as to be scarcely discernible  
from the very best brands of real Coffee.  
"And yet," says Dr. Shoop, "Health Coffee  
has not even a grain of real Coffee in it."  
I make my Coffee initiation from pure,  
healthful, toasted grains or cereals, with  
bitter, nuts, etc. This is why I have named  
it Health Coffee.  
Again, the tedious 20 or 30 minutes wait  
necessary in preparing other Coffee sub-  
stitutes is mostly saved. My new Health  
Coffee initiation is made in exactly one  
minute—in 60 seconds.  
If Coffee drinking makes you exactly  
ill, it is because your stomach, your  
Heart, or your Kidneys, try my Health  
Coffee and see for yourself what it can  
and will do for you. Send 4 cents in stamps  
to cover postage, to Dr. Shoop, Racine,  
Wis., and secure a liberal test package  
entirely free. 15 pound package Health  
Coffee sells at 25 cents by  
**DEDRICK BROS.**

John Kell and John Robert of Water-  
town, and Charles Fry of Darlen.

**Patents to Inventors**  
Benedict, Merrill & Caldwell, solle-  
ctors of patents, Free Press Bldg.,  
Milwaukee, report patents issued to  
Wisconsin inventors, Aug. 6, as fol-  
lows: C. A. Cram, Randolph, vege-  
table and fruit peeling table; N. W.  
Dunaway, Portage, heating furnace;  
L. W. Eggleston, Appleton, pneu-  
matic pumping apparatus; E. F. Hulbert,  
Kenosha, pneumatic paint tool; F. G.  
Kell, Milwaukee, typewriter tubu-  
lator; P. E. Larson, Iowa, machine for  
removing insects from plants; C. L.  
Longenecker, Milwaukee, gas engine;  
E. O. Olson, Milwaukee, pinch dog;  
A. Supina, Chippewa Falls, damp-  
er; A. W. Stevin, Milwaukee, razor  
strop; W. H. Stevenson, Kilbourn,  
shoe brake; D. J. Strassell, Fond du  
Lac, ribbon sander; L. A. Waters, Mil-  
waukee, dynamo electric machinery;  
H. W. Westphal, Milwaukee, automa-  
tic temperature regulator for revolu-  
ting drying apparatus.

LINK AND PIN  
ROAD TRYING UNIQUE  
WEED DESTROYERIllinois Central May Use Chemical  
Mixture to Kill Weeds Along  
Right-of-way.

The Illinois Central railroad is  
testing a unique weed destroyer. The  
expense of cutting the weeds on the  
wide expanse of right-of-way of that  
system has led to experiments of var-  
ious kinds, and the latest consists in  
the spraying of the weeds with a  
mixture of water and chemicals, 350  
gallons being required to kill the  
weeds along every mile of track.  
The apparatus consists of a car con-  
taining two tanks, each holding 4,000  
gallons of the fluid. The mixture is  
forced by air pressure through eight  
perforated tubes, which extend cross  
the track under the center car. The  
spray is thrown ten to fifteen feet on

SCENE OF GUN CLUB'S '00 SHOOT

each side of the track and is said  
to be sure death to all vegetation.  
The solution can be applied at the  
rate of ten miles per hour. While  
one tank is being emptied the opera-  
tors are engaged in mixing chemicals  
in the other, the water, which con-  
stitutes the major part of the solution,  
being obtained at convenient stations  
reached by the outfit.  
Machines which operate long  
series have never given satisfaction  
owing to slow speed required and the  
varying condition of the right-of-way.  
If the spray idea proves successful it  
will revolutionize this department.

DOES NOT AFFECT A  
LINE TO JANESVILLEWithdrawal of the Milwaukee South-  
ern from the Field Does Not  
Affect the L. I. & M.

In a dispatch from H. W. Senman  
relative to the possibility of his road,  
the L. I. & M. road, being affected by  
the withdrawal of the proposed  
Milwaukee Southern from the field of  
activity, said: "Answering your tele-  
gram, the reported sale of the Mil-  
waukee Southern to the Milwaukee  
Central in no way affects the exten-  
sion of the L. I. & M. to Milwaukee.  
There never has been any connection  
whatever between the Milwaukee  
Southern and the L. I. & M.—H. W.  
Senman."

While the original plans for this  
road from Rockford to Milwaukee  
does not include Janesville on the  
route the question of having the line  
extended to tap this city has not  
been definitely decided and it is pos-  
sible it will be done if the road is  
built.

There have been those who have  
constantly confused the Milwaukee  
Southern road with the Illinois, Iowa  
& Minnesota and it was not natural,  
perhaps, that those should think be-  
cause the Milwaukee Southern had  
disposed of its rights to the Wiscon-  
sin Central that the L. I. & M. had  
also gone into bankruptcy and would  
not build its proposed line from  
Rockford through Beloit to Mil-  
waukee.

**Misleading Statements Issued**  
Misleading statements to this effect  
having been somewhat circulated dur-  
ing the past day or two.  
The answer of President Senman is  
given plainly enough in the above tele-  
gram to convince anyone, however  
skeptical, of his meaning, and it now  
seems certain that the L. I. & M. will  
soon build from Rockford to Beloit  
and possibly Janesville. Just when  
this will be done and why the work  
has been delayed beyond the time or-  
dinally set for beginning it is not  
known. Delays are not unusual in  
railroad building operations and are  
seldom to be wondered at.

It is the purpose of the L. I. & M.  
to form a belt line about Chicago and  
Milwaukee and it is not believed the  
work will stop until the proposed ex-  
tension through Beloit and southern  
Wisconsin is completed.

out of the yards on the south side of  
the arch by the repairs being made.

Brakeman Roy Litcher has gone  
to work on one of the work trains.  
Brakeman Bert Dudley has returned  
to work on the Rockford-Janesville  
passenger train.

Superintendent Pechin of the Wis-  
consin division and Assistant Chief  
Train Dispatcher Syverson of the  
same division were in the city yes-  
terday.

Trainmaster G. B. Vilas of Mil-  
waukee was here yesterday.

Engineer Guy Cole has returned to  
work on switch-engine 1041.

Fifteen laborers quit work at the  
new yards yesterday.

**Circuit Train Leaves:** Leaving here  
at 11:10 last night, the first section  
of the Barnum & Bailey circus train  
left for Racine over the North-West-  
ern road. The second section fol-  
lowed at 1:40 this morning, the third at  
2:15, and the fourth and last at 2:45.  
The following were in charge of the  
trains: first, Conductor Hayes and  
Engineer Dodge; second, Conductor  
Reed and Engineer Padden; third,  
Conductor Conerty and Engineer Star-  
ritt; fourth, Conductor Grady and  
Engineer Barker. Engines 341, 323,  
473 and 885 pulled trains out of here  
in the order named.

**St. Paul Road**  
The excursion train left for Minn-  
apolis at 6:15 last evening with a  
crowd of people who were here to  
attend the circus. The special ran  
as far west as Monroe.

Brakeman Harry Shaw returned to  
work today on run 137.

Conductor Prellus was in charge  
of the circus special on the Mineral  
Point division yesterday and re-  
turned to Janesville last night after mak-  
ing the run to Monroe.

## PLYMOUTH

Plymouth, Aug. 8.—Miss Lora Run-  
nage of La Prairie is visiting rela-  
tives in the vicinity this week.

Fred Towns and Fred Barges are  
sightseeing in the west.

Mr. and Mrs. Andrew Rhodimer  
entertained Mr. and Mrs. Ed Perkins of  
Newark Sunday afternoon.

Miss Lavina Halyor was the guest  
of the Misses Van Hise of La Prairie  
last Saturday night and of Mr. and  
Mrs. Fred Halyor of Janesville Sun-  
day night; also attended the Chau-  
taquana Sunday.

Miss Agnes Towns entertained Mrs.  
Logerman and children of Janesville,  
Mrs. Hubert Dech of Milwaukee, and  
Miss Tony Prellus of Chicago, Sun-  
day. Miss Prellus expects to re-  
main a couple of weeks.

A cordial invitation is extended to  
all to attend the annual M. E. church  
picnic to be held a mile west of the  
church, known as the Tom Tuman  
grove, on Thursday, August 15.

Mr. and Mrs. Lewis Runage and  
family of La Prairie were the guests  
of Mr. and Mrs. Fred Arnold, Sun-  
day.

Mrs. Mary Rhodimer is sewing for  
Mrs. Jim Bennett.

Wm. Towns is entertaining his two  
nephews from Chicago.

Those who went to the Dolls on  
an excursion Tuesday were Mrs.  
Amanda Fisher and Mrs. E. H. Run-  
dler and Jack Kettle, Charley Rhod-  
imer, Willie Kettle and Chas. Hor-  
key.

Frank Arnold of La Prairie is laid  
up for a few days with a sprained  
knee. He is staying with Mr. and  
Mrs. Charles Zehel.

Charles Milford and son are thresh-  
ing for Matt Mathewson, M. E. Hor-  
key and Martin Swain this week.

Levi Witholy of Janesville visited  
relatives and friends here over Sun-  
day.

Louis Perkins of Newark spent  
Wednesday night with Charles and  
Vernon Rhodimer.

A number from here attended the  
Barnum & Bailey show in Janesville  
Thursday.

Miss Hattie Saffa is spending a few  
days with Mrs. Wm. Runage.

SHORT TALKS BY  
L. T. COOPER.

BACKACHE.

I can sympathize with a sufferer  
from this awful symptom of weak kid-  
neys. That soreness and pain in  
the small of the back tells too  
plainly of serious trouble be-  
hind it. It's not a hot water  
bottle or a plaster  
that will cure  
depressed kid-  
neys. It may  
relieve you for  
a time but it  
but may mask the real cause and  
allow the trouble to grow. Don't do it.  
Weak kidneys can be cured but  
Bright's disease, which always follows  
neglect of them, cannot. Go and get  
a bottle of Cooper's New Discovery  
and Cooper's Quick Relief and use  
them faithfully. Your backache will  
disappear because your kidney trou-  
ble is corrected—not for a day but for  
good. When your kidneys are in  
"shipshape" there will be nothing  
more to cause it.

Here's a letter from a man who suf-  
fered for years in this way and took  
my advice:

"I have been in such bad health for  
some years that I finally had to give  
up work. I suffered from kidney  
trouble. My back was so sore and  
lame that I could scarcely get up and  
down. My stomach was also out of  
order and my nervous system broken  
down. I have been using the Cooper  
medicines for one week and actually  
feel like a new man. My food digests  
perfectly. The soreness and pain has  
entirely gone from my back and my  
kidneys are in fine shape. The medi-  
cine has strengthened me wonderfully  
and I cheerfully give you this testi-  
monial for publication." Mr. P. Leon-  
ard, 49 School St., Allegheny, Pa.

We have heard a number of favor-  
able comments on the Cooper prepa-  
rations from people who have pur-  
chased them from us.

**E. B. HEIMSTREET.**

**NOT AFFECTED WHEN  
OPERATORS GO OUT**

**Local Telegraph Offices Did Not  
Feel Much Inconvenience by  
Telegraphers' Strike.**

It is not probable that either of  
the local telegraph offices of the  
Postal or Western Union will be in-  
convenienced by the strike of the tele-  
graph operators in Chicago. While  
the night and day force of the West-  
ern Union offices are said to be seri-  
ously crippled, Manager Rooney of  
the local branch said he had been  
receiving and sending dispatches to  
all parts of the country with but lit-  
tle inconvenience. At the Postal office  
Manager Fitch said there was as yet  
no trouble in his office at Chicago and  
he did not anticipate any.

**North-Western Road**  
Track Blocked: The main track of  
the North-Western leading out of the  
city south was blocked yesterday from  
1 o'clock in the afternoon until 9  
o'clock in the evening by workmen  
who were putting in the truss to sup-  
port the track over Chiron street  
while the arch over that street is  
being replaced by a new one. Sev-  
eral freight and work trains were held

MILTON VOTES TO  
BOND THE VILLAGEWill Bond Village to Put up Engi-  
House for Fire Department and  
Board Meetings.

Milton, Aug. 8.—At the special  
election held Tuesday it was voted  
59 to 53 to bond the village for \$1600  
to build an engine-house for the fire  
department, the same to furnish room  
for meetings of the village board.

Miss Nettie Cary of the telephone  
central is visiting relatives at Alden,  
Ia., this week.

J. H. Coon, assistant cashier in the  
bank, is spending the week in the Du-  
kotas.

C. E. Crandall and wife have gone  
to New York state, where they will  
visit relatives for a month.

Mrs. L. A. Babcock and children  
have gone to Indianapolis, Ind., to  
visit relatives.

Born, Aug. 8, to Mr. and Mrs. R.  
W. Clarke, a son.

Mrs. W. T. Miller is visiting friends  
at Wyocena.

Mrs. H. R. Osborn is enjoying the  
Delavan lake assembly.

The Epworth league held an ice-  
cream social on the lawn of Mr. and  
Mrs. Jay Campbell, Wednesday even-  
ing.

E. Englehard of Gentry, Ark., is a  
visitor in the village.

Rev. Edwin Shaw is at New Au-  
burn, Minn., where he officiates at the  
Stewart-Campbell wedding.

Chas. McCartney, wife and son of  
Charles City, Iowa, have been re-  
cent guests of C. B. Godfrey and wife.

President Daland and wife have  
been guests this week of Mr. and  
Mrs. F. C. Dunn at their Delavan lake  
cottage.

Mrs. McLearn of Walworth is vis-  
iting Milton friends.

Conductor Rockford of Milwaukee  
has been a recent visitor at his moth-  
er's.

Invitations are out for the marriage  
of Miss Bessie Crandall to Mr. Grant  
S. Rice at the home of the bride's  
father, W. L. Crandall, Aug. 15.

H. C. Curtis and son Ray of Wau-  
paca visited Milton relatives Thurs-  
day.

Rev. Dr. Platts and wife have gone  
to Alfred, N. Y., to attend the an-  
nual conference of the Seventh-day  
Baptists.

Mr. and Mrs. Holcomb of Madison  
are at R. W. Clarke's.

Barnum & Bailey scooped a good  
many half dollars out of Milton pockets  
Thursday.

**NICHOLAS I OF MONTENEGRO**

Nicholas I, the reigning prince of  
Montenegro, was born on October 7,  
1841. He was educated at Trieste  
and attended the University of Paris.  
On August 14th, 1860, he succeeded  
his uncle, Danilo I, as prince  
of Montenegro. He was married on  
November 8th, 1860, to Milena Pe-  
trovic-Vukotich, a Russian lady of  
high rank and great wealth. The  
help to the principality is Prince Dan-  
ilo Alexander, who was born on June  
20th, 1871. His yearly income is  
about \$50,000, to which Russia adds  
\$100,000 annually and Austria \$50,000  
a year under an old diplomatic agree-  
ment. The prince is a member of  
the Greek church and is strongly  
Russian in his tendencies.

**Are You in Doubt Where to Spend  
Your Vacation?**

The Grand Trunk Railway System  
(double track) offers the choice of  
many delightful resorts. Special low  
round-trip fares to many of them. If  
you will advise how much you have  
to spend for railroad fare, a publica-  
tion describing attractive routes to  
the sections you can reach, together  
with fares, will be sent you. Gen. W.  
Vaux, A. G. P. & T. A., 135 Adams St.,  
Chicago.

**Italian Proverb.**  
A golden bit makes none the better  
for a horse.

## BASEBALL TOPICS.

Pat Dougherty Said to Be Champion Ball Thrower.

HE CAN THROW 125 YARDS.

Some Records For Long Throws Made in the Past—Umpire Evans Tells Why Rainy or Dark Days Make Trouble For Arbitrators.

From the camp of the Chicago American comes the claim that the club has a world beating thrower in Pat Dougherty. "He can beat any one in the world throwing the ball," says Manager-Melton Jones. In a trial he threw the ball from the rubber against the score board twice in six trials, the distance being 125 yards. "With practice I can throw the ball 125 yards," said Dougherty. "I once threw it 132 yards in Boston, and Buck Freeman,

JOHN PFENSTER, PITCHER FOR CHICAGO.

[John Pfenster, "Pittsburgh Jack," as he is known, the star pitcher of the Chicago American league club, was born in Pittsburgh in 1877. Before beginning his baseball career he was employed as a warehouseman in a leather house. He played his first professional ball with the Pittsburgh American league club in 1901. In 1902 he began the season with the Columbus American association club, but in midseason jumped to the Buckeye club. In 1903 he played with the San Francisco club, but finished the season with Pittsburgh. He also started the 1904 season with the club, but in which he did fine work in 1904-05, when he was sold to the Chicago National league club. He had a no hit game against St. Joseph in his credit. In his work last season (1906) he pitched a grand game in the world's championship series.]

now with Minneapolis, measured it with a tape to be sure. I believe if I had tried then while my arm was good I could have set a new mark."

For a long time John Hatfield has held the record of 133 yards 1 foot 7 1/2 inches. Ed Crane of New York has an unofficial record of 135 yards, made in 1884.

Larry Twitell is said to have beaten that by two feet, but no official record was ever made of it. Jimmy Ryan says that Crane threw the ball 130 yards at Dandenton, O., but did not get an official mark for it. He also says that Ed Williamson, shortstop for the Chicago team, had a great arm and he put the ball 123 yards 10 1/2 inches for the diamond medal at Cincinnati.

Also it is doubtful if there is a man in the American league who can out-throw Pat Dougherty for 100 or 200 yards. Jones says he will match him against anybody, even Ray of Cleveland included.

"If you don't think Pat can run with him over ground when going to first or after a long fly. He takes such strides that people who are watching him never suspect that he is going at half the pace he really is," said the White Sox manager.

"The days when it looks like rain are the trouble some times for umpires," declared Billy Evans of the American league staff in a recent faning bee.

"When the day is clear and there are no clouds in the sky everybody feels good, and the 'umps' have a comparatively easy time, but just as soon as it looks like rain the players become restless, and if it commences to drizzle then there is something doing."

"Frequently the weather looks a little in the early innings. If one team is ahead, then that team wants to hurry to complete the required five innings, while the other team backs water just as hard and tries to get the game called before the five innings are completed, so they will not be charged with a defeat. Then the umpire's troubles begin. Between the team that desires to hurry and the team that wants to go slow there is always something doing."

"It's one of the hardest things in the world to make a reluctant athlete get into the game if he wants to stall. Some of the older players are so clever at working delays that it is a pretty hard matter to tell when they are blocking the game unnecessarily."

"All the umpires in the league bump into this state of affairs many times each season, and it is about as trying as any position in which the umpire finds himself."

"Give me the bright clear days when the sun jumps out of the sky and sets on your shoulders like a heavy weight. Then everybody is full of vigor, and the game goes through to a quick finish."

## FIRST CATCHER'S MASK.

Dr. Thatcher of Dexter, Me., Wore the Original One—John Knight.

Very few even of the old time baseball fans could tell who it was who had the distinction of being the first player to don a baseball mask. Dr. Harry Thatcher of Dexter, Me., at that time a resident of Bangor, is the man, and the mask was invented by a Boston man and a captain of the Harvard baseball nine.

It was very back in the seventies that the baseball mask was first invented. The national game was a rather crude affair compared with what it is now, but the principles of the game were about the same, and the players of

JOHN KNIGHT, THIRD BASEMAN FOR BOSTON.

[John Knight, the third baseman of the Boston American league club, secured from the Philadelphia Athletics club in exchange for famous Junior Collins, enjoys the distinction of having played just from school right into major league company in 1905. Knight was born in Philadelphia in 1885 and learned to play ball on the lot and with school teams. He came by his talent naturally, as his father was pitcher for the Philadelphia twenty years ago. In the very first championship game of 1885 Monte Cross had his hand broken by a pitched ball, and Knight was sent into play shortly after an unfamiliar position. His instantaneous success is a matter of record. While not the equal of the regulars as a ground coverer, he nevertheless proved himself a clever fielder, while at the lot he was a wonder. For weeks he was in every batting rally, won a number of games by timely hits and led the Athletics team and the American league with a great hitting average. In 1905, after two seasons with the Athletics, Knight was transferred to Washington, where he became the club's regular third baseman.]

those early days realized the troubles of the man behind the bat. At that time catcher's and first baseman's mitts were unheard of things, and those players caught the ball barehanded.

It was a few years prior to 1878 that Fred G. Thayer of Boston, at that time a player on the Harvard nine, realized the necessity of a covering for the face of the catcher in a baseball game. He set about to see what he could do in that way, and the result was a baseball mask. It had its beginning then.

When Mr. Thayer had a mask which he thought would answer the purpose he introduced it in the games which the Harvard nine was playing at that time, and of which he was captain and third baseman. Harry Thatcher was "the man behind the bat" on Captain Thayer's team, and it fell to him to don the mask for the first time.

It is said that Dr. Thatcher did not take to the idea very well, for the players on the Harvard team gazed him not a little for wearing it, as they said that it was "babyish" and cowardly to wear a protection to the face. So the doctor was not seen very often after that wearing Mr. Thayer's invention, but instead used a rubber mouthpiece to protect himself from foul tips and the frodoes of the club artist.

Shortly after Mr. Thayer got out the first sample of the invention at Spaulding saw the possibilities of the Thayer invention and sought to get control of it. Finally the matter came to a head in a lawsuit over who had a right to the patent. Finally, Feb. 12, 1878, Mr. Spaulding was granted a patent.

P. H. Davis of Bangor has the mask that was worn by Addison Hannan of that city when catcher on the Harvard nine during his college course, and it differs in appearance from the modern baseball mask very little.

Of course it is somewhat cruder in appearance than the finished product of the present day, but it has the same general features. The padding is of cotton batting, with long leather straps wound around the sides to keep it in place. The wire shield to the face is different from the masks of today in that it comes to a sharp point in front, so that if a ball should hit it it would glance off.

Friscio's Mayor Puts Ban on Fight. Mayor Taylor of San Francisco declares he will attempt to prevent the holding of prize fights while he is chief executive of the city. He regards all such as a blot on the city.

Billy Hallman. Critics have been much impressed with the gall and work of Billy Hallman, the successor of Beaumont in Pittsburgh's outfield.

Goat Pitcher Raymond. The St. Louis National club has purchased Pitcher Raymond from the Charleston club of the South Atlantic league.

A Good Idea. The Brooklyn club has safes in the dressing rooms in which players can deposit valuables while on the ball field.

Hitler Helms Ditch. Helms' strong hitting has earned him a permanent place in the Brooklyn outfield.

## THE HARNESS HORSES

Highball, the Green Trotter That Brought \$17,500.

HE BEAT LORD DERBY'S MARK

Went a Mile in 2:08 1/4, a Quarter in 30 1/2 Seconds—Record List of Prices Realized For Classy Colts Sired by John A. McKerron.

Highball, the gelding for which Frank G. Jones of Memphis gave \$17,500 a few weeks ago, the highest price ever paid for a "green" trotter, is one of the most widely talked of harness horses in the country. Highball by his splendid work has convinced his owner that in spite of his cost he is, after all, a bargain.

Highball made the judgment of his new owner look good when he trotted the opening heat of his race at Libertyville in 2:08 1/4, lowering the best previous record for a trotter during a first season on the turf, the 2:07 1/4 of Lord Derby, which was also a pupil of Ed Clever.

It was the famous California mare Sonoma Girl that made Highball do the trick, and she was second in each of the heats, the time of the second mile being 2:08, while three other horses of ordinary speed plugged along as best they could far behind the flying leader.

Not only was the mile by Highball a record breaker in respect of the time made, but it was made more impressive by the fact that race horses are not at their best until later in the season than the date of his effort. More than this, the Memphis trotter was never "stretched" during the mile, and under the guidance of George he simply played with Sonoma Girl, letting her make the pace for the first quarter, which she traversed in 0:30 1/2, a 2:32 gait, and then stepping past her on the back stretch as if she were tied to the fence.

He covered the first half in 1:02 and the second eighth of the first quarter in 0:15.

Later, however, Sonoma Girl turned the tables by defeating Highball in the Merchants and Manufacturers' stakes at Detroit.

George J. Dietrich, secretary of the Cleveland Driving club, has issued a

HIGHBALL, THE TROTTER WONDER.

pamphlet giving detailed information as to the prices that have been realized for colts sired by John A. McKerron. The names of the youngsters are given, and their ages are also given, and their sales are given. Two three-year-olds sold for \$8,550, one at private and one at public sale, the highest price being Harry McKerron, 2:24 1/2.

Six two-year-olds sold for a total of \$10,400, five at public and one at private sale. The highest price paid at this age was Jack McKerron, 2:25 1/2. The same number of yearlings sold for \$4,950, five at public and one at private sale. Besides, a weanling sold for \$200 at public auction. In all fifteen head, among them six two-year-olds and six yearlings, sold for \$25,100, an average per head of \$1,673.

These are record breaking sales, for very few stallions, if any, have better records than this. It will be interesting to note the average price at different ages. The three-year-olds averaged \$3,755 per head, the two-year-olds \$2,233 and the yearlings \$825 per head.

One can only conjecture how much the filly by John A. McKerron—Lou Dillon, recently bred, would swell this list if this prize youngster was offered for sale.

Australian Tennis Team Coming. Norman E. Brooks and Anthony P. Wilding, the Australian team of international tennis players, are planning to invade the courts of this country. This news was received from London and has created a stir among those prominent in the affairs of sport.

The American Informant in London, in outlining the proposed plans of the two famous players, says they contemplate entering the all comers' championship tournament at the Newport Casino, which begins Aug. 20, and he predicts that in the event of their doing so the clean sweep recorded by the Doherty brothers on their last visit, when they won both the national titles in singles and doubles, may be repeated, for Brooks and Wilding are playing in fine form.

Ex-Collegian Mike Lynch. Pitcher Mike Lynch says he likes his new berth with the New York Giants and is satisfied that he made the right shift from Pittsburgh.

Crafty Spike. Shannon of the New York Giants is the leading run getter of the National league.

## HOLY WAR STARTED AT RABAT, MOROCCO

CAID AND FANATICAL PRIEST ARE AROUSING MUSSULMANS.

SULTAN NOT INFORMED

Advicers Afraid to Tell Him the Truth—Calm and Order Have Been Restored at Casablanca.

Paris, Aug. 9.—Special dispatches received here from Tangier represent the situation as being more alarming on the coast and in the interior. Caïd Sidi, the administrator of customs at Rabat, is said to be openly preaching a holy war among the Mussulmans, as a result of which the French consul has distributed arms to the Europeans.

In addition a fanatical priest named Muehlin, at the head of a horde of followers, is traveling through the Littoral instilling the anti-foreign sentiment.

Angora tribesmen were firing two miles from Tangier at half past 11 Thursday night. The European residents, including the British minister, Gerard A. Lowther, and his family, have left their mountain dwellings and returned to the town.

Reports from Fez say that the advisers of the sultan are terrified and have not yet informed him of the gravity of the situation.

Up to six o'clock Thursday evening the foreign office here had no confirmation of the reported bombardment of Mazagan.

All Quiet at Casablanca.

Tangier, Aug. 9.—The latest news received here from Casablanca says that calm and order have now been established. The military governor requested permission to go on board a ship in the harbor, but was refused. He fears for his personal safety, and although money has been sent from here to pay the troops at Casablanca and insure the performance of their duties, he is unable to secure a body-guard.

The shooting inside of Casablanca lasted for two full days and only came to an end Wednesday morning. The Kabyles have gone back out of range of the fire of the warships, but they are ready to sweep down on the town at the first opportunity.

British Consulate a Refuge.

French sailors are guarding the British consulate at Casablanca, where the consular agents of the United States, Germany, Austria-Hungary and Sweden have sought refuge. The Italian and Portuguese consuls are at the French consulate. A minecart from which a heavy sustained fire was directed against the French consulate was demolished by the guns of the French ships at the request of the Moroccan authorities.

The European shops were pillaged, but no Europeans were killed.

The state bank agency at Casablanca has been robbed of about \$15,000, but no details of the robbery have been made public.

The French consulate was attacked by Moors during the night of August 5. One binjaquet of the guard was killed and three were badly wounded.

Custom House Looted.

The custom house at Casablanca was looted by natives on Tuesday and many other buildings were set on fire and destroyed.

A French gunboat, the Castille, which was detached from the northern squadron, now proceeding to Casablanca, was communicated with by wireless telegraphy and arrived here Thursday. She will await the orders of the French charge d'affaires, pending the arrival of the armored cruiser Jeanne d'Arc, as the French officials here consider it is not safe to be without a warship at their disposal. The Spanish torpedo cruiser Destructor has arrived at this port.

The Marabout Bidi Malouf, one of the principal Moors of Casablanca, has requested to be allowed to go on board a warship.

A sailor of the Du Chayla was killed and four others were wounded, three of them sustaining serious injuries, during the recent fighting.

The Du Chayla sailed hurriedly at six o'clock Wednesday night for Mazagan, where the population has risen against the caïd.

JAPANESE AND MEXICANS FIGHT.

Railway Workmen in Pitched Battle, Several Being Killed.

Mazatlan, Mex., Aug. 9.—A telegram received here announces that at El Fuerte, a construction camp on the Kansas City, Mexican & Orient railway, a pitched battle took place between gangs of Japanese and Mexican workmen, in which three Japanese were killed, and three seriously injured, and three Mexicans were mortally wounded and one killed.

The trouble is said to have started several days ago, when a dispute arose between a Japanese and a Mexican.

Boys Escape from Kentucky Jail. Mayfield, Ky., Aug. 9.—Noah Coffey and Fon Frazer, young white boys in jail here charged with store breaking, fastened the keeper in jail and made their escape over the high wall.

Ohio Newspaper Is Sold. Hamilton, O., Aug. 9.—The Hamilton Evening Star has been purchased by the Evening Democrat. There will be no change in the policy of the Democrat.

Assimilation.

"Your country has wonderful powers of assimilation, truly." "Wonderful! Nothing like it. Take the rawest foreigners that come here and I war-

If we could take you through our establishment, and show you the vast care and cleanliness which produce the old original egg and sugar coated Arbuckles' Ariosa Coffee, no one could ever tempt you to change to any other coffee.

## S.S.S. CURES BLOOD POISON

The first symptom of Contagious Blood Poison is usually a little sore or ulcer which does not always excite suspicion because of its insignificance; but as the poison becomes more firmly rooted in the blood, the mouth and throat ulcerate, copper-colored spots appear, a rash breaks out on the body, the hair begins to come out, glands in the neck and groins swell, and often ulcerating sores form on the limbs, hands or face. But this is not all; if the poison is allowed to remain it works down and attacks the bones, causing necrosis or decay, and makes a complete physical wreck of the sufferer. It will not do to tamper with a disease so powerful as Contagious Blood Poison, for every day the virus remains in the blood the trouble is progressing toward a more dangerous stage, and may in the end get beyond the reach of any treatment. There is but one certain, reliable cure for Contagious Blood Poison, and that is S. S. S., the greatest of all blood purifiers. This remedy attacks the disease in the right way by going down into the blood and forcing out every particle of the poison. It makes the blood pure and rich, strengthens the different parts of the body, tones up the system and cures this humiliating and destructive disorder permanently. The improvement commences as soon as the patient gets under the influence of S. S. S. and continues until every vestige of the poison is driven from the blood, and the sufferer completely restored to health. S. S. S. is not an experiment. It is a success and has cured thousands of cases of Contagious Blood Poison in every stage, and being entirely free from minerals, is as safe as well as certain treatment. If you are suffering with this debasing disease get the poison out of your blood with S. S. S. before it does further damage. Special home treatment book on the disease and medical advice sent free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

## How About The Harvest?

Are you ready for it, Mr. Farmer? Got all the time-saving, labor-saving, money-saving machinery to enable you to handle it quickly and economically? In other words, are you equipped with McCormick Harvesting Machinery? McCormick, you know, stands for all that's best in harvesting machinery. McCormick machines are the most efficient and the most durable. The McCormick Corn Binder lessens and simplifies the work of shocking and shredding. The McCormick Husker and Shredder will double the value of your corn crop. And the other McCormick machines are just as helpful and necessary.
